I have a few boxes of what I understood were some of the files maintained by Mr Mauro in the case. Please send me more information about the order that you're referring to so that I can make whatever determinations that I need to make in complying with your request. Communication via email is best. Thank you.

Mr. Mumford,

As part of discovery, Richard Mauro has been ordered by Judge Parrish to provide our office with his file maintained during the trial against Gabriel Joseph. Mr. Mauro indicated under oath today that he provided the file to Joshua Ostler. Joshua Ostler has indicated that he provided the file to you. Please make arrangements to provide us with that file immediately.

Thank you,
